Project

Requirements

- WordPress website using template/custom design.
- Project duration 7-10 days.

General Pages:

- Home page.
- About Us.
- Contact Us.
- Apply now(optional).

Other Pages and Features:

- Blogging feature(with SEO tools).
- Gallery feature(Images can be added/removed from the dashboard).
- Courses list page and individual courses details
(Courses can be added/removed/edited from the dashboard).
- Placements page(can be edited from the dashboard).

Total Project Duration:

7 - 10 Days

Total Project Cost:

Rs. 10,000/-

(50% Advance + 50% on delivery)

Note:

For websites using WordPress, there would be a client dashboard to change the website's contents.

On the completion of the project, I would demonstrate, how to use the dashboard and edit the contents.

So, future changes can be done by the client itself, without the help of any web developer.
